

Onion

New York Early

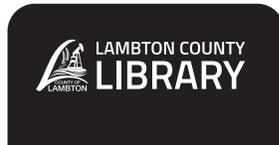

Plant Seeds Indoors:

FEB	MAR	APR	MAY	JUN	JUL
•••	••••••••	•			

Ready to Harvest: 98 days

Start indoors. Bulbs average 8-10 cm (3-4") with firm white flesh and yellow skins. Sweet, mild tasting and store well. Stop watering before harvesting to mature the bulbs in dry soil. After half the tops have fallen, push over the remainder, wait a week and lift the bulbs. Spread bulbs out in a single layer in an airy spot out of direct sunlight to cure for storage.
